Not until we initiate the rule making to approve Class VI primacy. (That's my best guess.)

Any time.

Just out of curiosity. When do we repost the new MOA on our website?

Lisa,

Here it is. Let me know if you need other pages or redo's.

The cover of the book is dark green, so there is not much I can do about the quality of the first page. I tried to the spine on it too.

Hi Craig,

I see that you might be out of the office today. When you are back in, could you give me a call? Your technical library has a copy of the ND Century Code, and I was wondering if you or someone at R8 could check it out and make some copies for me, or overnight it to me, and I can make the copies and overnight it back to you.

Kevin made some copies, but pages are cut-off and not sure the Office of the Federal Register is going to accept that.

Thanks,

Lisa
